---:0:---

I have the honour to refer the following suggestion regarding discharged lepers from the City Asylum. At present cases sent by us from the Civil and Military Station and discharged are not traceable. With a view to exercise some surveillance I would suggest that all such cases be notified to the Health Department by the Medical Officer of the City Leper Asylum. When I visited the Leper Asylum on the 19th instant I discussed this with the Assistant Medical Officer there who said there would be no difficulty.

I have had occasion to send back a few discharged lepers to this Asylum now and again on fresh certificates.

I request that this question may be kindly referred to the Resident through you.
